The Herald Contest Attracting Attention

With the announcement of those to make more money than you ever made in the Bulloch Herald's contest, the race has started. It costs nothing to try and it is surprising that there are not more candidates entered in this competition. However, the drive is still in its infancy. Make no mistake about it. This campaign will soon be the talk of this town and intense interest will center on the winner of that brand new automobile and various cash rewards.

The go-getter will make things hum now that the campaign is getting under way. There is ample time for entire new entries to come in this campaign and win in a big way. There is nothing complicated about becoming a contestant and there is no possible way of losing. One of the extremely attractive features of this contest is that participants are paid 25 percent in the event they fail to win the grand prize. Votes alone will win prizes, of course, and votes can only be acquired by securing subscriptions to the Bulloch Herald. Everybody knows the Bulloch Herald in this section and the work is easy and enjoyable as well as highly profitable.

If you, Mr. and Mrs. Reader, want NOW! NOW—do the first thing first. Make up your mind to enter this campaign to win. If you do not care to enter yourself, help one of the candidates to go over the top with a bang. Subscriptions will never again be worth so much in voting value as you will be doing a friend a good turn if you will help him or her NOW!

Commissioners Bid For 1st Prize

(Continued from Page 1)

Bulloch county has a fine system of public schools and is the home of the South Georgia Teachers College, recognized as one of the best institutions of its kind in this section of the state.

Bulloch and Statesboro are important links in many highway, railway and air communication lines.

Bulloch has 47,820 acres and is bounded by Effingham, Jenkins, Screven, Candler, Evans and Bryan counties. The famous Ogeechee river forms the boundary for the county on the north.

The county was named for the late Archibald Bulloch, governor of Georgia. It was formed on February 8, 1796 from Screven and Bryan counties and from territory acquired from the Creek Indians.

The population of the county is about 30,000 persons and Statesboro, which is the county seat and the largest city, has about 5,000.

Statesboro is regarded as one of the most important markets in this section of Georgia, and citizens claim that it is headed for its greatest era of expansion and prosperity.

Mayor Renfro and others hold that Statesboro must keep pace with the county and that Statesboro will join the county in pointing out the road to achievement for the rest of the state.

Dormann Offers to Sell Swimming Pool

For more than two years there has been much discussion here concerning a municipal swimming pool though no steps have been taken to assure the boys and girls of the city that one would be provided. The latest development on the pool situation, however, was the offer made this week by Alfred Dormann to the City of Statesboro that he take over the Dorman Swimming Pool.

In a letter to the Mayor and Council of the City of Statesboro, with copies sent to the Chamber of Commerce, Rotary Club, and Woman's Club, Mr. Dormann offered the city the swimming pool for a consideration of \$2,000.00, payments to be made as and when tax obligations of Mr. Dormann to the city will consume the entire sum. The letter also let it be known to the city authorities that should the offer be accepted that the pool must be operated as a Municipal Pool and without effort to monetize it.

The letter sent out by Mr. Dormann set out that he had invested \$7,200.00 in the Dorman Pool, and though he has had several offers for the operation of the pool this summer.

The Dorman Pool is situated so that it uses no water from the city's water mains but is directly connected with the reservoir. Mr. Dormann's offer is for the City of Statesboro only and if not taken will be rescinded after June 1, 1937.

NEXT WEEK "BOOK BUYING WEEK," FREE BOOKS ALL SCHOOL GRADES

FREE BOOKS BE PROVIDED ALL SCHOOL CHILDREN IN ALL GRADES.

By official proclamation of Governor E. D. Rivers, following a resolution passed by the State Board of Education, the week beginning June 7 has been designated as "Book Buying Week."

Free schoolbooks will be provided all public school children from the first grade through the eleventh when the schools next school year.

Each county school system and each independent school system will be given an allotment of state funds for free books. Superintendents may order through the State Department of Education the books they will need up to the amount of money that has been set aside for each school system. Sufficient state funds will be available to buy just the basic books needed if new books are purchased.

If school officials re-purchase from children and patrons the books used during the school year just closing, both patrons and school boards will be benefited. The patrons will receive money for books that can be of no further value to them; school boards will receive good books at considerably less price than new books would cost.

The State Department of Education will reimburse school boards the money paid for second hand schoolbooks. School boards will be permitted to order additional schoolbooks to take up the amount allotted to them for the purpose of buying books.

Under this plan the citizens of Georgia who now own school books will receive several hundred thousand dollars that otherwise would be paid to book companies, and county and independent school systems will be provided with school books at less than half the cost of new books.

School children are urged to collect the school books they have been using and take them to their county or independent superintendent sometime during the week of June 7-12, and receive cash for the books.

MEETING TO EXPLAIN PURCHASE OF BOOKS

On June 1 at 10 o'clock there will be held a meeting in Statesboro to explain the procedure for the purchase of text books, according to a statement made by Dr. M. D. Collins, state superintendent of schools.

The State Department of Education will purchase pupil-owned schoolbooks for the free school book system it instituted July 1.

For books good for two or more years, the price will be 50 percent of the wholesale cost, and for those good for only one year 25 percent of the wholesale cost.

"Book Buying Week" has been set by the Governor in a proclamation for the week beginning June 7.

A new type of program was inaugurated at the regular weekly luncheon meetings of the Rotary Club held at the Columns Tea Room, on Monday, Dean Z. S. Henderson of the Teachers College, was the speaker.

The Dean gave each member a chart showing the growth of the school by year of the regular session and the summer session since 1925, showing the number each year from Bulloch county and the percent of students from Bulloch county.

Contentants are necessarily dependent on friends, relatives and acquaintances for subscriptions in order to win. Promises will not win the prize. Your subscription now may be the very one to make your favorite win.

The crucial point of the campaign is at hand. Long-term subscriptions will doubtless play a big part in deciding the winner. If you and your friends ever intend doing anything big in this campaign, do it now! Don't wait until it is too late.

There will positively be no special sale offers in this campaign as the schedule as published at the beginning will be strictly followed. So you see, votes count now, this week, more than they will ever again.

Quite a few have promised some of the contestants to help them at a later date, and it is now important that these promises be fulfilled, so don't wait any longer—help your favorite this week when means so much to them.

3 Men Charged Burning of Frank Hughes' Home

ALL FROM SAVANNAH, BOUND OVER TO SUPERIOR COURT. ANOTHER INVOLVED STILL AT LARGE.

In a preliminary hearing here on Thursday morning Grady Lewis, Don Dixon, and B. A. Zipper, all of Savannah, were bound over to Superior Court on a charge of arson. The three men with Charlie Carter, who has not been arrested, are charged with the burning of the Frank Hughes home, near Stillson, May 2.

The Hughes home was burned to the ground on Sunday night, May 2. The family was not at home and all household goods were lost. Tracks around the house and a gasoline can found in the ruins led county officers to investigate. The three men arrested implicated a fourth man, Charlie Carter, who has not been located.

All three men admitted in their statements that they came to Stillson from Savannah with Carter but denied that they had any connection with the burning of the house. Lewis testified that he saw Carter throw gasoline on the porch of the house and set fire to the gasoline. The other two men, according to all three statements, had been left a short distance from the house.

Lewis was placed under a \$100,000 bond and the other two under bonds of \$750.00 a piece.

Hog Prices Higher On Local Markets

TOP HOGS BROUGHT \$11.00 A HUNDRED POUNDS. 2 SALES SOLD 475 HOGS AND 105 COWS.

Hog prices continued high with a one-half cent advance over last week at Statesboro's two weekly auctions here this week. Top hogs reached the high level of \$11.00 a hundred pounds.

The two sales held here this week sold 477 head of hogs and 105 head of cattle. Prices on cattle continued about the same as last week with hog prices taking a big jump.

The Bulloch Stock Yard, Tuesday, sold 30 head of cattle and 125 hogs. All tops brought \$10.50 with other grades selling as high in proportion.

The Statesboro Livestock Commission Company sold 350 hogs and 75 head of cattle at their sale Wednesday. Top hogs reached \$11.00 a hundred pounds, the highest price paid here this year. W. L. Zetterower, prominent farmer, sold 40 head of top hogs for \$11.00 a hundred pounds.

Who will win the handsome new automobile being given by the Bulloch Herald largely depends upon the work done this week. After June 6 the big in of votes will be greatly reduced, so you see that it is essential to secure as many votes this week as possible.

It can readily be seen, therefore, that Saturday night, June 5, might decide the winner of the car.

THE SWIMMING POOL TO OPEN

Beginning Wednesday, provided the Rotary Club accepts the recommendations of its swimming pool committee, the youth of Statesboro and Bulloch county will be given a place to go in swimming. THE SWIMMING POOL WILL BE OPENED!

The Rotary club swimming pool committee met Wednesday morning and worked out a plan whereby the pool will be opened, upon the club membership's approval when presented at their regular meeting Monday. The committee expressed themselves as believing that the club would accept and put into effect their recommendation.

The pool, when opened, will be operated and sponsored by the Rotary club in accordance with their policy of service to the community. Thanks to Mr. Alfred Dorman and the city council and the efforts of Byron Dyer, Dr. Mooney, Allen Lanier, Kermit Carr, the Woman's Club and the Chamber of Commerce for the part they all played in helping the boys and girls of Statesboro with a place to go swimming under proper supervision.

There is only one idea behind the pool's operation and that is for the pleasure and enjoyment that it will be to Statesboro's young people. But there is behind that the knowledge of their parents that when they go in swimming they do so with a feeling of safety.

We feel sure that all the time and effort put forth in opening the pool will be fully repaid. Congratulations to the Rotarians in taking the lead in this project which means so much to Statesboro and Bulloch county.

WARM SPRINGS AND THE CAUSE OF HUMANITY

Bulloch county is being given a chance to play a part in a drama which is not played on a stage. The principal characters number about one-half million, and of this number half are children. Many do not appear on the stage because of restricted space. The title of the play might be "Warm Springs and the Cause of Humanity."

The curtain went up on this play Monday, May 24. It began with the announcement that Dr. J. H. Whiteside had been made chairman of the Bulloch county committee for the Warm Springs campaign.

President Franklin D. Roosevelt has asked the people of Georgia to take the initiative in creating an endowment fund of one hundred dollars for the Warm Springs Foundation.

Each county has been given a quota based on its population. Bulloch has been asked to raise \$773.50. A committee has been selected to aid Bulloch to play its part in this play to benefit humanity. There is no politics in this campaign; there is nothing of personalities. It is a campaign for one thing only, and that is to create a fund which will perpetuate the work of the Warm Springs Foundation throughout Georgia and the remainder of the nation.

The purpose of the endowment fund which will be raised in this campaign is to provide funds to combat infantile paralysis that dreaded virus which is too small to be caught by the finest filter known to science and too small to be seen by the finest microscope, yet so powerful in its effects as to paralyze its victim's arm, neck, muscles—more often the legs. At times the victims are completely paralyzed, legs and arms. We have seen the effects of the thing at work here in Statesboro and Bulloch. We have, possibly, thought that we would be willing to give almost anything if those we know could be helped. Now is your opportunity to do just that.

When a member of the committee approaches you GIVE. Forget that you made a contribution at church. Sunday, that you helped the Red Cross last January, that you helped that needy one in your neighborhood. Get a picture of a child, twisted and on crutches, wearing steel braces on its leg, with a smile on its face, despite his paralysis and GIVE!

PUTTING A TOOL IN THEIR HANDS

Last month it was announced that a "General Shop" had been set up at the high school with W. P. A. and local funds. Included in this shop were certain woodworking machinery and tools that put in the hands of the students under proper guidance produce satisfying results. When we make something ourselves, regardless of its finish, if it is ours, we are pleased with it because it is our handiwork. Vocational training we call it.

Representative Braswell E. Deen, of the Eighth Georgia district, won a well-earned victory in the house when he succeeded in having the appropriation for vocational education increased by \$7,000,000. The measure now goes to the senate where Senator Russell will sponsor the increase.

While it is necessary now that all federal expenditures, as a general rule, be decreased instead of enlarged, certainly it is true that if there is any one activity which deserves larger financial support it is vocational education. Training of the youth of our community in practical pursuits will bring larger dividends in human contentment and general prosperity than any other investment imaginable.

In Georgia there is at this time a movement underway for revision of high school curriculum which seeks a more practical method of equipping high school students for life. The committee charged with this responsibility expects to have their revision ready for the school term beginning next fall.

Under terms of the vocational education appropriation, the state must match the federal money on 50-50 basis. Representative Deen's increase in the total figure means that Georgia will have available four times as much federal money for this purpose than she had last year. The state legislature should by all means provide the money to match this fund.

"BOOK BUYING WEEK"

By official proclamation of Governor E. D. Rivers, the week beginning June 7 has been designated as "Book Buying Week."

Free school books will be provided all public school children from the first grade through the eleventh when the schools open next school year.

Each county school system will be given an allotment of state funds for free books. Superintendents may order through the State Department of Education the books they will need up to the amount of money that has been set aside for each system. Sufficient state funds will be available to buy just the basal books needed if new books are purchased.

If school officials re-purchase from children and patrons the books used during the school year just closing, both patrons and school boards will be benefitted. The patrons will receive money for books that can be of no further value to them; school boards will receive good books at considerably less price than new books would cost.

The State Department of Education will reimburse school boards the money paid for secondhand schoolbooks. School boards will be permitted to them for the purpose of buying books.

Under this plan the citizens of Statesboro and Bulloch county who now own schoolbooks will receive several hundred dollars that otherwise would be paid to book companies, and the county and city school systems will be provided with schoolbooks at less than half the cost of new books.

School children are urged to collect the schoolbooks they have been using and take them to their county or city superintendent sometime during the week of June 7-12 and receive cash for the books.

HOW FOREST FIRES HURT

The damage done by forest fires in America is well illustrated by these figures from The Progressive Farmer, and it's a Will Rogers story. Experiments show that we may expect these results from letting fire get into our timber crop:

	Percent of a stand
Land burned over every year	8
Burned over every 5 years	20
No fires allowed	130

Will Rogers said about the difference between the way Germans and Americans treat their forests: "Forests in German, the most beautiful forests—every time they cut down a tree it looks like they plant two in its place. Every time we cut one down, the fellow that cuts it sits down to have a smoke, throws his cigarette away, and burns up the rest of the forest."

Uncle Hezy, who lives across the creek, has just turned up with one of his perplexing problems. Just why Uncle Hezy picks on us we don't know, but this is fair warning that we're getting positively tired of trying to solve all the tangles he gets in. This time Uncle Hezy has received invitations to both of the June weddings, and he can't attend. Both. He says that he feels like his bound duty to see our own crown prince take the fatal step, but then again he says he ain't never met the gal who's getting the worse end of the bargain and the other gal seems almost like one of his own family. And speaking of hospitals, the Central Hospital in Savannah is classed as one of America's finest hospitals and is rated as A-1 both as to equipment and personnel. Yet our own new hospital in Statesboro can beat it all hollow. If Statesboro can beat it all hollow, its good-looking nurses and, if you'll give Mooney and Whiteside a couple of banquets, they'll out-strut Mayo Brothers. Boy, we've got class!!!!

And Darwin, altho he wet thru some of the finest farming land in the world, came home and says: "You can beat it all hollow. I saw where the finest crops I saw were in Bulloch, and they are using less modern machinery over there than in any state I have been in. I saw the first old style emule-drawn reaper over there I have seen since Pa and we drive his old mule-killer at Portals!" So much for progress.

And while we are on the topic of farming, Ramon Kennedy and his farmer, Jim Smith, are doing things with a \$2000 Smallwood outfit that is making the neighbors see up and take notice. Jim says he is doing about the work ordinarily done by six husky mules. . . . and your reporter can testify that it is being done well. The crop has been carried thru 'his baby stage and no wite tractor and plows are having a picnic keeping the growing stuff clean and humping. Verily, almost thou persuadest me, Jim and Doc, to go and do likewise.

In the matrimonial bureau we started last week, we feel we have begun something that will go down in history as the greatest and most needful innovation in Bulloch. Since we haven't had time to open the bids on last week's offerings, but there must be a thousand at least among the blushing sex who desire the noble \$10 deposits all credited on our notes by Charles McAllister who wouldn't rather do nothing else but, we'll have the drawings. We are going to ask Brother Roy Beaver, Shrimp Brannen and Roy Green to count the bids and declare the winner, and we've got to go out of town that day, and besides they are able to take care of themselves. However, girls, those of you who fail to draw last week's winner will still be eligible for this week's offering which fol-

It appears to him that they are ding-dong determined to outdo each other and get more presents than the other fellow. However he has solved the presents by trading his Octagon soap wrappers for six ice tea glasses and then judges on this side of the big water comes, why'll there'll be an extra glass for them. ANNUAL REPORT OF PARENT TEACHER ASSOCIATION

We have come to the end of the year's work, and it becomes our duty to give an account of our activities and accomplishments for our tenure of office.

At the very outset we want to thank our fellow-officers and those loyal co-workers, the chairmen of standing committees. Had it not been for their cooperation, their interest, and zeal, very little worthy of note would have been achieved.

Mrs. Grover Brannen as vice president though not having been called upon to preside has generously offered advice and suggestions and very helpful they were because of her experience in the work.

Mr. Brantley Johnson has never failed to be at her post and has carefully recorded the minutes of regular meetings and executive board meetings.

Mrs. E. M. Mount has handled our money correctly and has kept within the budget planned at board meetings and approved by the P. T. A. body.

Mrs. Thad Morris assisted by her fellow committeemen as chairman of the program committee last fall outlined inspirational programs for the year. Those who were to take part on these programs were notified far in advance so that they had ample time for preparation. Mrs. Roger Holland as music chairman made delightful contributions to the programs.

Your representative chairman, Mrs. W. L. Wallis has been keenly sensitive to the needs of the teachers. Her corps of grade mothers have rallied to her and they have accomplished wonderful things for their respective rooms.

Mrs. C. P. Olliff, membership chairman, successfully launched a social features attempted by the association. Her greatest triumph was the Dad's Night dinner.

Miss Adrienne Wills as publicity chairman has kept us informed from time to time as to meetings. Mattie Livelsay as public welfare chairman has served us faithfully and helped organize the Associated Charities.

Your president has presided over nine regular meetings and the executive board meetings. We have met with the various committees and assisted them when possible. We have attended all county council and district meetings and attended several sessions of the P. T. A. convention in Savannah. On these occasions we have tried to represent fairly the accomplishments of our organization.

We assisted in the organization of the Associated Charities and gave freely of our time in purchasing and planning for the lunches served to about fifty under-nourished children. We have responded to invitations from other organizations to cooperate showing willingness to cooperate by the required dates. Countless minor activities were indulged in but these constitute the major accomplishments.

Respectfully submitted,
MRS. ERNEST BRANNEN.

HIGH SCHOOL COMMENCEMENT PARTIES

The thermometer is soaring and the shadows of June nights impending, and graduation days are bringing social functions and gay festivities calculated to keep the graduates in a constant whirl of excitement.

Mrs. J. O. Johnston entertained on Thursday afternoon from 6:30 to 7:30 at her home on Savannah Avenue with a lovely alto fresco tea honoring Marian Lanier, who is a member of the graduating class. Adding a bit of sentiment to the occasion is the fact that Marian is Mrs. Johnston's namesake. As a graduation gift, Mrs. Johnston gave Marian a dainty gold cross.

The guests were served sandwiches, cake and punch.

Those called were: Betty McLeone, Margaret Remington, Alma Blount, Ann Newman, Frances Deal, Betty Smith, Annette Coats, Sara Poindecker, Vista Thaxton, Margaret Ann Johnston, Lenora Whiteside, Emelyn Rainey, Elizabeth Rainey, Ann Elizabeth Smith, Martha Wilma Simmons, Maxine Foy, Dorothy Lee Durden, Virginia Tomlinson, Jessie and Marguerite Neville, Jeanette Sasser and Emily Goff.

PICNIC AT MAGNOLIA SPRINGS

Seniors spent the kind of afternoon Thursday that they felt should never end when they were entertained with a picnic at Magnolia Springs about five miles above Millen by the senior grade mothers. Magnolia is a veritable Eden—hubbly, sprightly, swimming pools, fish hatcheries and rustic lodges. The boys and girls had an invigorating swim and came out to be greeted by a bountiful lunch spread under the shade of huge live oaks. The group came home happy and tired with one more glowing memory of good old high school days.

TUESDAY CLUB MEET WITH MRS. BEAN

Mrs. George Bean was hostess on Tuesday morning at her home in the Fox Apartments to her bridge club and several extra guests comprising four tables in all.

Her rooms were a bower of summer flowers, snap dragons, sweet peas and rose in bowls and vases in every available place.

Club high, a dainty handkerchief, was presented to Mrs. Frank Grimes, high for visitors went to Mrs. R. L. Cone and she received cards. Out prize, a novelty ash tray was awarded Mrs. Arthur Turner.

SHOW-TEA FOR BRIDE-ELECT

A lovely compliment to Miss Mary Katherine Sneed, whose marriage to G. D. Counts, Jr., will be an event of June was the miscellaneous shower-tea given on Thursday afternoon by the Presbyterian Women's Auxiliary on the lawn at the home of Mrs. William Deal.

Mrs. Lewis Ellis greeted the guests and Mrs. Ben Deal presented them to the receiving line. In the receiving line were Mrs. Henry L. Sneed, the bride-elect, Mary Katherine Sneed, Misses Caffie and Mattie Counts, sisters of the groom-elect, and Mrs. William Deal.

Mrs. Bernard McDougald presided over the bride's book and Mrs. Dan Lester, Sr., presided in the rooms where the lovely gifts were displayed. Mrs. Percy Averitt and Mrs. Zack Henderson rendered delightful musical selections throughout the afternoon. Those serving were Margie Dekle, Frances Deal, Virginia Tomlinson, Lenora Whiteside, Prussanna Speed, and Edna Neville.

Delicious refreshments were served. About a hundred guests called during the afternoon.

LIBRARY CLUB MEETS

Members of the Ruler Yrabil had a banquet on Wednesday evening at Cecil Kennedy's. About thirty members and guests were present. After the banquet the guests enjoyed dancing and Fiddle Sticks.

Miss Adelle Williams is faculty adviser for the club. Officers in the club are Dorothy Lee Durden, president; Alice Catherine Smallwood, vice president; Mary Frances Ethridge, secretary; and Rufus Wilson, treasurer.

DO YOU REMEMBER PARTY AT TEA POT GRILLE

Glorious memories of olden days can be recalled in the twinkling of an eye. A name, a picture, or an incident can open up the treasure chest of our yesterdays. But when one of our most certainly inspired plans a luncheon honoring all the women over 75 in a town of five thousand, he or she is doing more than getting age together in an aggregate collection. They are furnishing an audience for the exchange of reminiscences, a constant stream of "Do you remember?" And that is just what happened in Statesboro recently when Mrs. W. C. DeLoach affectionately known as "Miss Nora" extended an invitation to all the "young women" over seventy-five to a luncheon at the Tea Pot Grille. This unique expression of thoughtfulness is characteristic of Mrs. DeLoach.

The arrival of the first guests went by unnoticed, but as so many began to assemble at one time on the sidewalk in front of the Tea Pot Grille with feeble steps, some groping their way because of falling sight, the question went up, "What is happening in there?"

As the luncheon hour approached and they drew around the festive board resplendent with red carnations it was evident that they thought the occasion warranted their best bib and tucker. Loving fingers had obviously dressed up "Mother or Grandmother" but no beautician could have improved on the lines deeply etched by Time. Experiences some tragic, others inexpressibly tender had all left their mark. There was something about the group that tugged at the heartstrings, misted the eyes. And then somebody exclaimed, "What a picture!" And again, "Why not a picture?" The photographer was called in and the honor guests sat erect and posed proud of their years.

There were more than twenty-five women invited but of that number only sixteen were able to respond. Mrs. Mary Jane Beasley was celebrating her birthday elsewhere and could not attend. Mrs. S. E. Hogarth, mother of Mrs. S. W. Lewis, was the oldest woman present and received a dainty handkerchief as a gift.

Those present were: Mrs. R. R. Carr, Mrs. H. S. Blitch, Mrs. Mary Jane Miller, Mrs. Harrison Olliff, Mrs. M. J. Kinnard, Miss Josie Durden, Mrs. M. S. Searbro, Mrs. J. W. Williams, Mrs. M. A. Martin, Mrs. S. E. Hogarth, Mrs. John F. Brannen, Mrs. C. W. Zetterower, Mrs. U. J. Hood, Mrs. J. R. Hunicutt, Mrs. Remer Dekle and Mrs. C. C. Denmark.

ONE ACT PLAYS AT SCHOOL AUDITORIUM

Two one-act plays were presented at the high school auditorium on Monday evening, May 24 under the direction of Miss Annie Laurie Taylor.

Appearing in a beautiful drama, "A Portrait from the Past" were Margaret Ann Johnston, George Hitt, J. Brantley Johnson, Margaret Brown, and Ennis Call.

Elmer, a ludicrous comedy, was presented by Christine Brown, Evelyn Darley, Martha Evelyn Hodges, Helen Rouse, Martha Cowart, Charles MacAllister, and Gene L. Hodges.

MRS. ALBERT DEAL ENTERTAINS

We have had bridge parties, teas and proms, but Mrs. Albert Deal prefers to be original and entertained with a Strawberry Soiree on Saturday afternoon at her suburban home near the college. One delightful feature of entertainment was a contest in which the guests were asked to write a recipe for strawberry shortcake. Miss Helen Dunlap submitted the best recipe and was awarded a jar of strawberry preserves. Assisting Mrs. Deal in entertaining were her daughters, Mrs. William Deal and Mrs. Stothard Deal. Mrs. Stothard and Deal, a recent bride, was the recipient of all the recipes compiled.

ALL'S FAIR

Commencement days are here once more. With banquets, proms and teas. And senior lads and lasses. Have thrown boning and tests to the breeze.

Gone with the wind are the problems That Carmichael and Deal propound These hours most interesting business.

As June days with romance come 'round. Idle observations: Creamy petals of pendant blooms of Spanish palmetto on the Brooks Sorrier lawn. Those neat and lovely plots in front of city fire department. Will Hagin has created a beauty spot there. All

overwhelming desire to try out those exotic looking deck chairs on Mrs. Hook's terrace porch. What a lovely cake Esther Lee Barnes had as a surprise on her birthday (May 24)! Emmett, I commend you as a very thoughtful husband. The Hinton Booth's all intend fighting mosquitoes all summer—they've screamed in a goodly portion of side porch. They tell me that Hal Macon went fishing Monday and caught so many fish that the water went down about six inches—but I suppose you heard Dorman tell about catching so many in one place that it made a hole in the water. Come on George Bear, you tell one.

I'll venture to say that lovely Glenda Gray is monarch of her little world. Saw her wheeled about Tuesday wearing an adorable bonnet. Our local radio wizard continued to thrill us with his achievements—Dan Blitch using his own broadcasting station talked to London Saturday. On Sunday, believe it or not, he talked to Paris—Oui-oui maseille. Why don't you call up Wally and the Duke?

That precious old soul at Nora DeLoache's unique party who said, "If they had just waited another month, I'd have been the oldest, and would have got the prize." And what a party! America Blitch stepping about with all the verve of a debaucher.

Jane looks in on the dance Tuesday evening at Club Home: Mary Agnes Everett with her hair done up like a Grecian lady with red 'posy perched on top and looking so much like Lou Scanline from Atlanta they might have been twins. Card-Hassley, new member of the orchestra so intent on his music before him that he did not seem to realize that a dance was in progress. He is the youngest member, still in high school and is he good? Fred and Libba Shearouse here from Sylvania. Roy and Green stepping high and wide and handsome. Annie Laurie Taylor with a red checked ribbon bow pinned in her hair. Sara Temples frightened at her own voice when she heard herself speaking through the radio microphone. Lucy May Donaldson in a peppermint stick candy gown.

Sincerely, JANE.

G. C. Coleman, Sr., made a business trip to Pelham, Ga., on Wednesday.

Miss Olivia Purvis is expected to arrive Saturday from Atlanta. She will be accompanied by Jack Aubrey and Jim Coleman.

AT THE Churches

PRESBYTERIAN CHURCH H. L. SNEED, Pastor

Sunday morning we worship with the high school seniors as they will be led in their worship service by Rev. B. H. Dixon. Perhaps this will be the last time this fine group of young people will sit together in such a service. This class is just one of many such classes over the nation who are passing out of high school buildings at this season of the year never to return as students. They will come back as patrons, teachers and leaders of the life of the country.

May they know that they go with the benediction of the Christian Church upon them and "Study to show themselves approved unto God; workmen that needeth not to be ashamed, rightly dividing the word of truth." 2 Timothy 2:15.

METHODIST CHURCH G. N. RAINEY, Pastor

The commencement sermon for the local high school will be preached in this church Sunday morning at 11:30 o'clock. The services will be in charge of Prof. C. E. Willott and the sermon will be by Rev. B. H. Dickson, of the Independent Presbyterian church, Savannah.

At the evening hour, eight o'clock, the pastor will speak, using the text: "Jesus spake again unto them saying, I am the light of the world: He that followeth me shall not walk in darkness, but shall have light of life." John 8:12.

Physical light is a marvelous blessing and essential to life. It is emblematic of beauty, purity, righteousness and godliness. Nothing so dispels fear and wrong doing like the light... Jesus that spiritual light in the human heart which enables man to see clearly the right way to live. He has asked every person to follow Him and promised if we follow that we shall not walk in darkness and doubt but in the full noonday of spiritual blessing and reality. You will want to hear the pastor discuss this text fully. Special music by the choir.

The Church School will meet at its usual time, 10:15 a. m. There are classes and departments for every age. You can find a helpful place in the school to serve.

The mid-week service Wednesday at 8 p. m. will be led by a layman.

MIDDLEGROUND PRIMITIVE BAPTIST CHURCH R. H. KENNEDY, Pastor

A general meeting is now in progress at the Middleground Primitive Church, with Elder E. A. Stuart conducting the services. The meeting will continue through Sunday. Dinner will be spread Saturday and Sunday.

KID DAY AT HIGH SCHOOL

Rollieking fun and terrific laughs greeted the first Kid Day initiated by the seniors. On Thursday of last week all seniors appeared in very juvenile attire—hair ribbons, socks and brief skirts for the girls. Shorts and bare feet for the boys. The chapel period was a riot featuring such classical renditions. Mary had a Little Lamb and a learned dissection on "Frog." Winning dramatic laurels were Frances Deal, Alma Mount, Marian Lanier, Ann Newman (with her charming rendition of "What a Funny Little Insect the Camel do Be." Ennis Call and Albert Braxwell.

NEVILS SENIORS HEAR REV. WILKINSON

The first commencement sermon for a senior class in the history of Nevils High School was delivered here Sunday morning by Rev. Wallie Wilkerson of Savannah. A large audience enjoyed the many fitting remarks and the personal messages that this able speaker brought to us. He pointed out to the group the value of education to the group the value of cooperation on the part of the trustees, superintendent, faculty, student body and county school superintendent by having such a marvelous school plant and making such rapid progress in the educational world. He also stated that the financial part was almost finished but the "working" part was just begun. He advised the graduates to now prepare to do their hardest work, "never give up but work, work, work." He also stated that the solution to some of our most difficult problems would be given by the straight thinkers that are so badly needed today, and for whom the world is looking to the graduates of our schools. Rev. Wilkerson in a loving way reminded the graduates of the sacrifices their parents had made and especially their mothers to give them the education that was valued at least \$5,000 to them. He also congratulated the deserving parents who realized the importance of the much needed education to keep abreast with the "best thinking people of today" and stayed so devotedly by these children, thus far in preparing them for the enrichment of their life in the future.

OPERETTA GIVEN
"Crowning The Queen" was an operetta of the most beautiful kind, staged in our auditorium last Friday night under the supervision of our Music and Expression teacher, Miss Emma L. Adams. More than forty students of the schools best talent were brilliantly dressed in appropriate costumes for a May festival. This is the best program and the most beautiful and more students participated than any we've had.

Miss Wynelle Nesmith was costumed in an elaborate "Fairy Queen Robe" with a silver crown and wand. With a magic wave of her wand the little fairy attendants flitted in dancing to music and grouped around the throne where the little queen sat. The scene was captured by Indiana who was crowned as "flower queen," which was Elizabeth Proctor, by "Princess Good Will." This program gave a full evening's entertainment that was enjoyed by all.

GRADE NIGHT PROGRAM
An outstanding feature of our commencement activities was the "Grade Night Program," rendered on Tuesday night. This program was directed by the teachers from the sixth grade to the first grade. Each teacher was responsible for ten minutes of the time. These little folk performed in an unusually good manner which showed that much skilled practicing and accurate coaching had been done. Our auditorium was filled to its capacity. One of

the largest crowds that we've had for several years. This to the teachers was evidence of the interest and enthusiasm that our parents have in the education of their children. We indeed appreciate the cooperation of our patrons and are delighted to expect a welcome to them at all times, although this be the last week of our term.

FROM FARM TO FARM

What became of all the dipping vats that one used to see over the county? We found one at Wilson Hart's place and he puts it to excellent use. He finds that continual dipping keeps hogs free of lice and ticks, which in turn keeps the hogs free of mange and saves some of the feed cost.

Dorsey Nesmith took the Life Insurance Week seriously. He spent several days in immunizing calves for blackleg. He states that it is the best insurance he knows.

Houses and barns and fences are not the only things that may be painted and spruced up. J. A. Minick has white washed the trees from the ground a few feet up and has found that it adds considerably to the attractiveness of his place.

Have you ever heard of running water walking? There is a farm in Bulloch where the water is actually being made to walk. H. J. Akin, by the use of well built channels and well laid off terraces, slows his running water down to a walk.

Mr. and Mrs. W. W. Mann have found that they could save money by going into areas that had desirable shrubs on them in the woods and selecting and collecting such plants as are desirable to landscape their home grounds with. The plan not only saves money for them but gave them a very wide collection of shrubs and a chance to study plant life from a practical point of view.

Mr. N. J. Cox is a little man with good big ideas. He has learned that strawberries will add to the farm income as well as give a farmer money at a season when nothing else is for sale.

If it is good there is a special market for it, is the opinion of Mrs. H. E. Knight and Sons, when discussing the methods used in selling their cattle. Sometime ago the cattle they had on feed was contracted for by a reliable butcher at a fancy price, if delivered a few each week. The quality of the stuff finished out can best be judged by the fact that concerns that buy only prime steaks are now buying from this butcher.

If house cleaning is good for the home once in a while it is good for the church also, say the ladies in the Leefield community.

ATTENTION CALLED

ONE AMENDMENTS BE VOTED ON JUNE 8TH

An amendment that has received little notice, but one which the people of the state should not forget when they go to the polls June 8, is the one that clarifies the present law under which county boards of commissioners employ county agricultural and home demonstration agents, which are paid partly by federal, partly by state and partly by county funds. The agricultural extension work of the College of Agriculture has been going on since under these laws, and now county agents are employed in every county in the state and home demonstration agents in more than half the counties.

The Georgia constitution is written very explicitly, and to remove any technicality or doubt about the constitution of Hancock county, during the last session of the legislature, requested Representative Pound of that county to introduce as a local bill an amendment clarifying the law. He introduced the amendment.

Swimming Pool Open; Enjoyed by Many Youngsters

OPENS WEDNESDAY UNDER THE SPONSORSHIP OF THE ROTARY CLUB.

Under the sponsorship of the Statesboro Rotary Club the Dorman Swimming Pool opened here Wednesday.

For several weeks there has been some agitation on the part of Statesboro citizens to get the pool opened this summer. Alfred Dorman, owner of the property offered the pool to the City of Statesboro upon certain conditions. The City of Statesboro did not see their way clear to accept the offer. Then the Rotary Club appointed a committee of Dr. A. J. Mooney, Allen Lanier and Byron Dyer to investigate the possibility of the club sponsoring the operation of the pool as a Rotary project. The committee reported favorably on the proposition which was accepted by the Rotary Club at their weekly meeting, Monday. The same committee was appointed to make arrangements for the opening and the operation of the pool.

According to the present plans the pool will not be opened on Saturday and the water will be changed on Saturday and Tuesday of each week. A small charge will be made for the use of the pool. The City of Statesboro will furnish the water at a minimum charge and lights will be furnished by the Georgia Power Co.

One of the first things advocated by The Herald upon its establishment here was a place for the young folks to go swimming. Almost every week the Herald made a plea for the opening of the pool. Though the City of Statesboro did not accept the Dorman proposition the Herald continued to plead for the opening of the pool.

Rotary Club Holds Regular Meeting

ACCEPTS COMMITTEE'S RECOMMENDATION TO OPEN SWIMMING POOL.

The Rotary Club at their regular weekly luncheon Monday accepted a committee recommendation that the club sponsor the opening of the Dorman Pool, heard Dr. H. H. London on "Industrial Arts" and had a report from the committee which attended the Charter Night in Cochran.

Last week the Rotary Club appointed Dr. A. J. Mooney, Allen Lanier and Byron Dyer to investigate the possibilities of the Rotary Club sponsoring the operation of Dorman Pool as a club project. Monday the committee reported favorably on the matter and the club accepted the committee recommendations.

Dr. H. H. London, head of the Department of Industrial Arts at Teachers College, was the principal speaker at the Monday meeting. He talked on his vocation, "Industrial Arts." Dr. London gave statistics to show how Georgia ranks in the field of industrial arts and the per capita wealth of Georgia compared to other states. He stated that Georgia is purely an agricultural state and insisted that industrial arts should be fostered to improve the state's income.

B. L. Smith reported for the committee which attended Charter Night and the inauguration of a new club in Cochran. Those who attended the Charter Night were Smith, S. W. Lewis, C. F. Cone, Z. S. Henderson.

DR. E. N. BROWN APPOINTED ON BOARD OF EXAMINERS
At the meeting of the Georgia Dental Association held in Savannah recently Dr. E. N. Brown of Statesboro was selected as a member of the State Board of Dental Examiners to serve for a period of four years, it was learned here this week.

According to the laws governing the practice of dentistry in Georgia the board, known as the Board of Dental Examiners of Georgia, consists of five members to be appointed and commissioned by the Governor. The present Society nominates four reputable practicing dentists and from those so nominated the Governor shall appoint one member of the Board to serve five years and until his successor is appointed.

Subscription Campaign Now Running Close In Fourth Week
General Election Be Held Tuesday

During the past few weeks The Herald's subscription campaign has been gaining by leaps and bounds. Thousands of votes have been cast. Batters are being fought and the race wages fast and furious.

Yet so closely arrayed, and honors so equally divided up to the present time, it seems that it depends entirely upon the individual effort of each candidate between now and the close of the second period as to the ultimate winner may be.

Not one has a walkaway for the capital prize, neither is anyone hopelessly beaten.

Just a good bunch of subscriptions would change the entire complexion of affairs. In fact, a few long term subscriptions might stem the tide of defeat and turn it into a sweeping victory.

If a candidate waits now for a similar moment, if they wait for a day, or if they overlook one opportunity to better their chance to win, they are taking a desperate chance.

Candidates shouldn't forget that this is a battle hereafter. Hard work is what counts. But the rugged strength and lasting qualities that win in any victory are persistence, a never die spirit, and an absolute determination to win. Do everything you can from now until the finish of the campaign.

Now is the time to go after long term subscriptions—the ones that count the most votes. See your friends, get them interested in your winning the grand capital prize.

Here's How They Stand As To Position

Attention Candidates
Go after the long term subscriptions now while they count the greatest in vote values. A few long term subscriptions turned in before closing time Saturday night, June 5, will earn big votes. It takes votes to win. So go after several long terms now. See your friends that will give you long term terms. Think it over and act now. Five 6 year subscriptions turned in, will mean 1,325,000 votes. Surely you have five friends that will help you. See them, it might mean the Grand Capital Prize.
